Mobile Nail & Hair Care

631-903-0430

Dear Administrator,

My name is Margot Peña, owner of Margot's Way mobile nail and hair care service. I have been providing affordable personal nail & hair care services in private homes throughout the east end to Montauk since 2003. I specialize in compassionate & professional hand, foot and hair care for seniors throughout the East End to Montauk. I am now offering my professional cosmetology services for Adult Care Facilities & Group Wellness gatherings. I am reaching out to explore the possibility of partnering with you to bring my experience and specialized services directly to your residents.

I understand that regular nail care is not only about appearance—it is an essential part of hygiene, health, and emotional well-being for elderly individuals. My services include manicures, pedicures, gentle nail trimming tailored to residents with various medical conditions, including diabetes, as well as polish changes and hair cutting. All services are performed using strict hygiene protocols with a strong focus on safety, comfort, and dignity.

I am fully licensed, insured, and have more than 20 years of experience providing care to individuals with diverse health conditions across East Hampton Village and our surrounding communities. Since 2013, I have also worked at Special Effects Hair Salon in East Hampton. I take pride in the personal touch I bring to my work and in the joy my services provide to residents.

I would welcome the opportunity to discuss how my services can support your existing activities program and add meaningful value to your residents and their families affordably. Would you be available for a brief phone call or a short meeting at your convenience?

Thank you for your time and consideration and I look forward to the possibility of working together to brighten the days of your residents.

Sincerely,

Margot Peña
